

We're excited to announce Dodson is looking for candidates for summer internships in Auckland as part of the Motorsport team. Have a look below and let us know if you're interested!

Who We Are

Dodson is the world leader in aftermarket transmission components for high-horsepower applications. We design and manufacture our world record-breaking product range across our facilities in Auckland, New Zealand, and distribute via a global network of over 200 dealers and installers in 40 countries across six continents. Many of the world's fastest GTRs, Lamborghinis, BMWs, EVOs, Corvettes, and Porsches are reliant on our products.

What You Can Expect from Your Internship

- Experience in design for manufacturability and assembly within budgets and project timelines
- Experience with the manufacture of parts in a high paced design and manufacturing environment
- Learn what engineering principles factors into a successful real-world product design
- The excitement of knowing the product you're working on will be used on some of the world's fastest cars

What You'll Do

- Work with the R&D Engineering Team to learn modelling and analysis software to design parts that will be manufactured in-house
- Learn to select appropriate materials for the application, geometric design of parts mating with OEM assemblies, drafting of manufacturing drawings, while adhering to strict budget and project timeline requirements
- Learn the importance of Quality Control principals and the impacts of drawings and tolerances on manufacturability

What You'll Bring

- Self-motivated attitude, committed to continuous improvement
- Attention to detail at every level of your work
- Be willing and able to follow procedures and safety protocols
- Be a team player willing to help out where you are needed

Requirements

To be eligible the student must:

- Have studied or be studying at a New Zealand tertiary education institution (note: students who have completed study overseas are not eligible)
- Be studying at NZQA level 6-10 or if study has been completed the closing date of the last semester must be less than 12 months ago.
- Be studying science, engineering, technology, design, or business
- Be legally permitted to work in New Zealand.
- Not have undertaken more than two Experience Grant internships with Dodson.
