

Manufacturer of the Year

Manufacturer of the Year Award:

The **Manufacturer of the Year Award** recognises the exceptional achievements of a New Zealand-based manufacturing company that has demonstrated outstanding performance across multiple areas of the industry.

This prestigious award celebrates a company's commitment to innovation, operational excellence, sustainability, and contributions to the local and global economy.

Presented in Partnership

The inaugural **Minister for Manufacturing Awards 2025** is proudly supported by **Advancing Manufacturing Aotearoa** and the **New Zealand Government** through the Minister of Small Business and Manufacturing Hon Chris Penk.

We look forward to recognising the manufacturers who are shaping the future of New Zealand's manufacturing industry

We encourage entries from manufacturers of all sizes and industries who are leading the way in advancing New Zealand's manufacturing sector. Whether through cutting-edge technologies, exceptional leadership, or sustainable practices, we want to celebrate those who are setting the benchmark for excellence in manufacturing.

Entrants should demonstrate excellence in the following key areas:

1. Innovation & Process Improvement

The company has demonstrated a strong commitment to continuous improvement and innovation. This includes the introduction of new technologies, process optimisations, or product advancements that have significantly enhanced the company's operations, efficiency, and competitiveness.

2. Sustainability & Environmental Responsibility

The company has implemented sustainable practices that reduce environmental impact. This can include reducing waste, improving energy efficiency, adopting cleaner production methods, or committing to a circular economy model that supports long-term environmental stewardship.

3. Operational Excellence & Efficiency

The company has achieved outstanding results in operational efficiency, from streamlining manufacturing processes to enhancing supply chain management. A focus on lean practices, cost reduction, and productivity improvements is key to this category.

4. Employee Engagement & Workforce Development

The company fosters a positive and inclusive workplace culture. This includes providing opportunities for employee training and development, promoting workforce wellbeing, and encouraging employee innovation and engagement in driving company success.

5. Financial Performance & Business Growth

The company has demonstrated strong financial performance, including revenue growth, profitability, and successful market expansion. This may also include increasing exports, enhancing market share, or securing new customers and partnerships.

6. Community Contribution & Social Impact

The company has shown a strong commitment to supporting the local community, whether through creating jobs, contributing to regional development, or engaging in corporate social responsibility (CSR) initiatives that benefit society.

7. Leadership & Strategic Vision

The company's leadership team has a clear, strategic vision for the future and has demonstrated effective leadership in navigating challenges and driving the company's success. This includes long-term planning, risk management, and adaptability to market changes.
